GDGEL-282 RHEOLOGICAL ADDITIVE

Description	GDGEL-282 is an organo clay (modified bentonite), designed especially for use in solvent based system. It can be used widely in solvents from low polarity to medium-high polarity.	
Properties	Composition Appearance Moisture content (105℃,2hr) Loss on ignition (1000℃) Bulk density Fineness (<74 µ m. %)	Organic derivative of a montmorillonite clay Fine powder, light yellow 3.5% Max 35% Max 0.35-0.45g/cm3 95% Min
Advantages	 High gelling efficiency, high viscosity Wide application range, it can be applied in all low, middle and high polarity range Produce reproducible thixotropic consistency over a wide temperature range Imparts particle suspension, preventing hard settling of pigment and fillers Exerts strong film reinforcing action in organic binder systems 	
Application	 Marine paint, Industrial paint, heavy-duty, anticorrosion paint such as bituminous coatings, polyester paints, Alkyd paints. Sealant Inks Grease Oil Drilling Mud 	
Using	GDGEL-282 disperses under high shear and requires a polar activator for best efficiency. Heat is not required to obtain good dispersion. Addition levels are typically in 0.2%~2.0%. Polar activator (95% Ethanol or 95% Methanol) is needed. Normally addition level of polar activator is recommended to be 45%~60% of GDGEL-282 in weight. If in xylene system, addition level of polar activator is about 30%-40% of GDGEL-282 in weight.	

Add : Wushangang Town, Changxing County ,Huzhou City, Zhejiang, ChinaWebsite : www.gdgel.comE-mail: gdgel@gdgel.comTEL : 86-572-6513637FAX:86-572-6513637

Pre-gel is made as below procedure.

- 1. Charge solvent to mill
- 2. Slowly add GDGEL-282 (6-10% by weight of total pre-gel) to mill under agitation.
- 3. Mix at high speed for 5 minutes.
- 4. Add polar activator.
- 5. Mix at high speed for 5 minutes.

Restance
 K Kraft paper bag with PE liner or multi-wall paper sacks or customized. 25kg/bag or 50LB/bag or customized. GDGEL-282 has a shelf life of 24 months, and should be stored in ventilated cool and dry place.

Notice The information on use is based on data which are believed reliable, but any recommendation or suggestion made is without guarantee or warranty, since the conditions of use are outside our control. All products are sold on the conditions that purchasers shall make their own tests to determine the suitability of such products for their purpose and that all risks are assumed by user. We disclaim any responsibility for damages resulting from careless or improper handling or use. Nothing herein is to be taken as permission, inducement or recommendation to practice any patented invention without a license.
